# INTERNATIONAL SCHOOL OF CREATIVE SCIENCE

The International School of Creative Science, Muwaileh, FS1-Y13 learning community is a BSME school. The school operates under the theme of a culture of care, and as such, nurtures, cultivates, and fosters creativity and critical thinking. ISCS offers the very best of both the English National Curriculum and the MOE curriculum in Arabic, Islamic Studies, Social Studies and Moral Education, while providing a unique Quran memorisation programme.

Our course delivery methodology is based on world-class teaching strategies and best practices, with the aim to assist pupils in discovering and realising their full potential.

We ensure total development of the child, through “purposeful play” strategies in the foundation stage, building self-confidence and awareness, enabling independent learning and establishing a firm foundation of knowledge, skills and understanding of the core curricula of Language Arts, Mathematics, Social Studies and Science. Our enriched cross-curricula also integrating Art, PE and ICT.

Mrs. Samar Khalid Murad

## Principal's Message

It is an honour to extend a most sincere welcome to you, from the International School of Creative Science, Muwaileh, an educational institution that is recognised and looked up to, for its distinguished standards, academic excellence, ethos, and strong moral values. Our motto "Excellence Rooted in Values", inspires us to equip pupils with the skills to learn and adapt in an ever-changing world whilst instilling a sense of pride and respect for our culture and traditions.

Our highly qualified, dynamic and hardworking faculty members are dedicated in their pursuit to provide our pupils with an education that is on par with the leading education providers around the world. We provide a secure learning environment for pupils and a place where their individuality and ethics are respected. Here at ISCS, we intend to nurture and educate all of our pupils in a privileged manner that allows them to develop as successful leaders of tomorrow. Our focus on life skills strives to instill the fundamentals of collaboration and the importance of teamwork, enabling them to become valued members in our global society.

We consistently ensure to give our pupils the foundation and guidance to excel, both academically and socially. At the core of our learning process, we aim to help our pupils in terms of the 'big picture', encouraging them to apply their knowledge to a real life context and to appreciate the various connections between their subjects. By facilitating and promoting cross-curricular learning, we actively encourage the development of critical thinking skills needed for independent research, learning and problem solving.

We are constantly striving to stay abreast with the ever-changing technological advances, by providing an efficient and technology-rich campus, increased communication, and most importantly, preparing our pupils for the fast-paced world they will experience in the future. For further queries, please feel free to contact us and arrange a visit to our school.

# How to Apply

Admissions to the International School of Creative Science are conducted on a first come first served basis in a fair manner. Admission is also based on an entrance tests for each year and key stage level. Prospective pupils are also required to undertake a CAT4 Cognitive Ability Test, on a published date and time.

## Admission procedures for new students

- Complete the application form online or at the relevant phase reception in the school
- Submit a copy of your child's passport, copy of each parent's Emirates ID and most recent school report or (to whom it may concern) letter from your child's current school
- Upon receipt of the application form, your child will be invited for an entrance exam and interview. FS1 to Year 1 children will be invited to school with their parents for an informal interview
- Students of Year 1 to 13 will be invited for a computerised examination and interview
- The Registration department, along with the Senior Leadership Team, will test and evaluate applications made throughout the year, on a case by case basis. Admissions will be based upon availability in the year group school/term reports and entrance/CAT4 Cognitive Ability Test results. All other registration and administrative requirements remain the same, as for other year group and as listed above.

## Admission to Sixth Form

Internal and external pupils applying for admission to ISCS Sixth Form should refer to the Sixth Form prospectus, where details of each AS/A level courses offered are outlined at length, including our requirements. All other registration and administrative requirements remain the same, as for other year group and as listed above.

If your application is successful and the student is offered a place, you will be notified by phone or email and be invited to complete the rest of the admission formalities.
