## Distance Learning 2020

Distance Learning Initiative was launched to address changing and emerging conditions in order to fulfil the requirements of the Emirati School, as distance learning is a method of self-learning, that leads to strengthening the system of open and continuing education.

To achieve commitment and disciplinary behaviour for students and for the stability of the program, guidelines and instructions have been extracted and developed from the Student Behaviour Management Policy in line with this initiative.

The behavioural offences are mentioned according to their degree, as mentioned in the Student Behaviour Management Policy of 2018, and are coupled with behavioural offences specific to distance learning, in order to achieve the ease and flexibility of access to the detailed procedures mentioned in the Student Behaviour Management Policy of 2018.

The following behavioural guidelines are prepared in order to promote good behaviour, create an appropriate learning environment and take self and public responsibility among students within the school community.
